Helpful tips for Garage Sales amidst the COVID-19 concerns

1. Hosting a sale? Consider using your driveway and front yard for your sale instead of your enclosed garage space.
2. Place a container of hand sanitizer on the table you use when collecting money. Use it after each transaction.
3. Consider posting signs to encourage others to social distance and wear their masks.
4. Try spacing your tables/items far enough apart to allow shoppers to social distance.
5. Have a lull in customers, use this time to apply a spray disinfectant to your items and/or wipe down items/tables with disinfecting wipes. It is a good idea to do this when your sale is over for the day too!
6. If you are sick, please cancel your sale and shoppers, if you are ill, please stay home!
